The Fairfield Race 1995

sponsored by The Climbers Shop

Mid-morning reports from the summit of Fairfield gave cloud and early runners in the Challenge Walk were taking the wrong ridge down to Ambleside. A rising wind and temperatures of 3°C at 3000 feet plus the wind chill meant that the checkpoint marshalls were cold even with thermal vest, fleece and winter jacket. The warmth in the valley meant that some runners were tempted to dispense with the full body protection required on the entry form and signed by all runners. Needless to say those that were noticed have been deleted from the results, no doubt there were more.

Please, please think of the poor organiser when you choose to ignore the rules. An injured runner unable to continue will quickly lose body heat and I and many organisers have no desire to be present in the coroner's court.

Next year, regrettably, we will insist on checking the kit of all runners as they enter the start field. What a crying shame that the vast majority have to be inconvenienced by the mindless few.

I took no enjoyment in disqualifying the first lady but I was grateful for the full support I received from many, many other runners, seven committee members of the LDMTA and a committee member of the FRA. Thank you.

Congratulations to Dave Neill of Mercia. A fine race developed between him and last years winner Craig Roberts, the course record holder. Dave's time is a new record by nearly 1.5 minutes. Jonathan and Gavin Bland crossed the line together and with Jim Davies in 5th place brought Borrowdale home with the team prize by a good margin.

Eric Mitchell - V70 recorded a fine time of 2.07.46 in 176th place. I'll have to redesign the entry form for next year he almost slipped through the prize net!

Very many thanks to all the helpers - car parking, registration, checkpoints and finish. What a team on the orange squash. A thankless task much appreciated by all.

Thanks to Rydall Hall and Estate, St John Ambulance who dealt with four casualties, two sprained ankles, a gashed leg and a fluttering heart. They also dealt with 31 casualties form the Challenge Walk as they passed through on their way back to Patterdale via Fairfield and St. Sunday.

Thanks to Frank Davies for his continuing sponsorship. It is much appreciated. What other race offers a depth of prizes and a cheese pastie and tea for £2.50!

Thank you all for coming. See you next year.
